

SCOTT PRALINSKY

Fractional Operations Leader · AI & Automation Builder · Systems Consultant

Whitman, MA · 520-345-1088 · scott@pralinsky.com · southshore.ai · Bilingual English/Spanish

PROFILE

Operator who builds. Five-time chief executive and former Wall Street programmer who now designs and ships AI-powered systems, automations, and operating infrastructure for mission-driven organizations and small businesses. I pair 20+ years of executive leadership with hands-on technical delivery: I can diagnose what's broken in an operation, design the fix, and build it. Seeking consulting, fractional, and project-based engagements — AI adoption, workflow automation, operations/EOS implementation, and custom tools.

WHAT I DO

- **AI Strategy & Implementation:** AI readiness assessments, acceptable-use policy, staff training, agent and assistant builds (Claude, Gemini, ChatGPT).
- **Build & Automate:** AI operating systems and multi-agent workflows, custom apps and client portals, AI assistants trained on sector knowledge, and CRM/platform rollouts (Salesforce, Monday.com, Mighty Networks).
- **Operations & Accountability:** EOS Integrator/implementer — Rocks, Scorecards, L10s; financial ownership at the program level; compliance-monitoring systems.
- **Leadership & Growth:** fundraising, partnerships, board development, turnarounds, and multi-site expansion; bilingual, cross-cultural teams.

SELECTED BUILDS

- **Togetha — Statewide Relationship Platform (Hopeful Hearts Coalition / UMass Chan Shriver Center):** Designed and built, end to end, a statewide app giving adults with IDD and autism safe, supported ways to build relationships and combat loneliness. Also wrote the product requirements, coalition strategy and business plan, and present the platform to DDS and funders.
- **AIOS — AI Operating System for House of Possibilities:** Designed and built an AI operating system for a multi-site DDS agency. It captured daily activity, data and changes across every team into a single queryable database; briefed leadership on updates and changes; generated weekly reports automatically; flagged policy and regulatory updates; and created, tracked and managed action items in Monday.com. Leaders could query the full database in plain language, with AI acting as an operating partner rather than just a tool.
- **Zuno Community Platform:** Mighty Networks community platform built primarily for adults with IDD, connecting them with each other, their families and providers.
- **IDD/DDS AI Knowledge Assistant:** Sector knowledge base drawing on state and federal regulatory sources to power an AI assistant for disability-services providers.

EXPERIENCE

Founder & Principal | South Shore AI (SSAI) Jan 2024 – Present · South Shore, MA

AI, automation, and digital-marketing studio serving nonprofits and small businesses.

- Design and deliver AI systems, custom apps, and automations for nonprofits and small businesses (see Selected Builds).
- Consulted with NHS, a Massachusetts nonprofit: led an all-day retreat for the full staff and a separate strategy session with the board.
- Advise organizations on AI adoption and practical tech stacks, including The Arc of Massachusetts.
- Deliver keynotes and trainings on AI adoption, AI safety, and the future of work for mission-driven organizations.
- Lead a small virtual team handling implementation, automation, and client success.

Chief Operating Officer (prev. Interim CIO) | House of Possibilities (HOPE) Feb 2024 – Sep 2026 · Easton, MA

DDS-licensed nonprofit serving adults with autism and IDD across multiple sites.

- Joined as Interim CIO; promoted to COO within eight months to run day-to-day operations and technology.
- Led the agency's expansion from 2 sites to 5 and grew revenue substantially.
- Introduced and served as EOS Integrator; moved leadership accountability onto Monday.com (Rocks, Scorecard, L10s) and instituted monthly program-level financial reviews.
- Led technology modernization.
- Led responses to state licensing and quality reviews; built a recurring compliance-monitoring system.
- Built the agency AIOS and chaired the technology committee for the Hopeful Hearts statewide coalition (see Selected Builds).

Interim Executive Director | Teva Community 2024 · Prescott, AZ

- Stood up capital-campaign infrastructure, opened a state-agency (HCBS) funding pathway, and helped secure foundation grants.

Chief Executive Officer | Grow Associates, Inc. Apr 2022 – Sep 2023 · Randolph, MA

- Grew net revenue 270% and individual giving 416% in year one; added four new revenue streams and secured a \$370K grant.
- Implemented EOS; saved \$200K+ while raising staff wages 10%; expanded staff 25% and led a full rebrand.

Chief Executive Officer | Echoing Hope Ranch 2020 – 2022 · Hereford, AZ

- Cut staff turnover 70%, renewed board and leadership, and created three new revenue sources and a development office.

Founder & CEO | Casa Milagro Foundation / Tropical Adventures 2005 – 2017 · Costa Rica

- Built and ran a U.S./Costa Rican nonprofit and a multi-country volunteer program (Costa Rica, Panama, Nicaragua); later pivoted to child protection with a national-government partnership.

EARLIER CAREER — TECHNOLOGY & BUSINESS

- Project Manager & Consultant, Time Warner — Board of Directors, CSM & Legal Depts., New York (1996–1997)
- Programmer / Software Release Manager, Smith Barney, New York (1993–1994)
- Mortgage Broker / Branch Manager, Pride Mortgage, Seattle & Palm Springs (1998–2003)
- Instructor of Military Technology & Science, U.S. Air Force (13 years)
- Streetworker, City of Boston Streetworker Program, Mattapan (1990–1992)

EDUCATION & CREDENTIALS

- Artificial Intelligence: Implications for Business Strategy — MIT Sloan School of Management
- M.A., Spiritual Psychology — University of Santa Monica
- B.A., Spiritual & Social Psychology — University of Massachusetts Amherst
- Leadership in IDD — University of Delaware, National Leadership Institute (2021) · Nonprofit Leadership — Univ. of Arizona, Eller College (2021) · Leadership South Shore (2023)

BOARDS & CIVIC

President, Kusala Institute (refugee language-learning platform) · President, Rotary Club of Braintree · Former Advisor, Arizona State Advisory Council on Workforce Development
